Although it was in worrying for SURAJE since several years. But we feel serious on this concern in 2001 and decided to took it back. So, an amendment was made in the memorandum and a structure of Village Service Volunteers was borne. A structure with formal membership and election of volunteer leaders, training and strengthening activities became a part of activities of SURAJE. Our aim is to establish the psyche of “Vasudhaiv Kutumbkam” and to bring the world from nuclearism to collectivism.

Through regular membership and interactions and interventions to input Volunteerism and social values in members we have developed a strong identity of volunteers in the district.

4 Women’s Empowerment:

From very beginning of the organization the children and women has been the core group of the organization. SURAJE was the pioneer in SHG Movement in Rohtas. At that time Women’s Organization was promoted with working women, SHGs, Organizations working on Women or Women headed organizations in Bihar in the name of Bihar Mahila Mahasangh. Proper membership and standing in its constitutional structure. Now it has become self reliant and SURAJE is only a part of this.

5 Micro Credit: SURAJE started microcredit activities with SHGs and JLGs and this was the single organization working on credit in this region. On passing of time it can not established its own as a MF Organization, but it is still live with some needy clients of our Target Groups ie FSWs, Parents of the Children liven in measurable situation. In this financial Year SURAJE credited such 05 members. Realization is ontime and regular.

6 Micro Insurance : Micro Insurance was started for members of SHGs and JLGs with LIC. Later on it was extended for poor families either clients or not. Now our focal schemes are Micro saving and Bhagy Lakshami. Our mission is to Cover maximum poorest families.
